

# W.A.P. Bulletin nr.302

18 February 2024

W.A.P. Worldwide Antarctic Program  
Antarctic, Sub-Antarctic and Peri-Antarctic zone  
Since 1979

Bases, Activities and Informations for Amateur Radio Stations and Antarctic Enthusiasts

WAP Antarctic Bulletin is a free of charge information sheet edited by Max IK1GPG, Gianni I1HYW and Betty IK1QFM

WEB Page : <http://www.waponline.it>

Others Antarctic WEB Pages with our WAP Bulletin: <http://f5nod.chez-alice.fr/antarctica.html>

Antarctica Mailing List: [http://groups.yahoo.com/group/antarctica\\_list](http://groups.yahoo.com/group/antarctica_list)

W.A.P. Special Edition - 22 issues are available at WAP web site !!

We are waiting volunteers to continue the Monthly Issues publication

Those interested to do this work for free, PSE contact IK1GPG or I1HYW

## W.A.P. - W.A.D.A. (Worked Antarctic Directory Award)

Antarctic, Sub-Antarctic and Peri-Antarctic Directory

23th Edition - Release 1.43 - 01 January 2024

List of more than 1.005 Bases, Camp, Hut, Refuge and Station used in Antarctica since 1945.

## W.A.P. - W.A.C.A. (Worked Antarctic Callsigns Award)

Antarctic, Sub-Antarctic and Peri-Antarctic Directory

23th Edition - Release 1.43 - 01 January 2024

List of more than 4.351 Callsigns used in Antarctica since 1945.

Updated DataBase for Software WAP by IK6CAC #44 (January 2024)

Updated Software WAP by IK6CAC Version 2.8 (20 December 2021)

## Result of 45 years of Antarctic passion!

Information, reports, suggestions and/or comments could be sent to:

E-mail: [wap\\_info@virgilio.it](mailto:wap_info@virgilio.it) or [varetos@tin.it](mailto:varetos@tin.it)

### WARNING: 22 February - 10 March 2024

An important Event beside the WAP's Antarctic Activity Week is "Dia de la Antartida Argentina" which is celebrated yearly on 22 February and the celebration of the 120<sup>th</sup> Anniversary of the uninterrupted Argentina's presence in Antarctica.

"Dia de la Antartida Argentina" (Argentine Antarctic Day) commemorates the inauguration, on February 22, 1904, of the Meteorological Observatory on Laurie Island, South Orkney, which would later become the Orkney Base (WAP ARG-15), a historical milestone that marked the beginning of the uninterrupted connection of Argentina in Antarctica. Since this event, Argentina has maintained a permanent and uninterrupted presence on the Antarctic continent for 120 years.

On its "120<sup>th</sup> Anniversary" a "digital certificate with 5 contacts" has been issued to celebrate the event, which will be held from February 22 to March 10, 2024.

This Digital Certificate, will be available for working five (5) stations of the Joint Antarctic Command. Icebreaker ARA Almirante Irizar and the joint Antarctic bases listed below will be "On Air" for the national and international radio amateurs (and SWL) community.

Look for the followings:

LU1ZA Orcadas Antarctic Joint Base (WAP ARG-15)  
LU1ZD Gral. San Martín Antarctic Joint Base (WAP ARG-08)  
LU1ZG Belgrano II Antarctic Joint Base (WAP ARG-06)  
LU1ZI Carlini Antarctic Joint Base (WAP ARG-20)  
LU1ZR Petrel Antarctic Joint Base (WAP ARG-17)  
LU1ZV Esperanza Antarctic Joint Base (WAP ARG-04)  
LU4ZS Vcom Antarctic Joint Base. Marambio (WAP ARG-21)  
LU2ARM Joint Antarctic Command  
LU2AIB/MM Icebreaker ARA Almirante Irizar

Date: February 22 to March 10, 2024.

Schedule: Subject to operational activities and tasks on 80, 40, 30, 20, 17, 15, 12, 10 meters

Modes: CW - SSB - FT8 - RTTY - PSK

Exchange: Only signal report (RST) is required

Task: To obtain the certificate you must be able to contact 5 calls of the above list.

Operation: Subject to time availability of Antarctic operators and propagation conditions.

Argentine and foreign Amateur radio stations will be able to download their QSL by entering the integrated system (QSLOG.AR) through the website [www.qslog.com.ar](http://www.qslog.com.ar) in the activities tab, once the event has ended and the logs have been processed. Hams should NOT send any logs. If you do not see your QSL/Certificate reflected, you must contact the event organizer in order to verify your QSO data. SWLs could confirm the listening of each station, sending all the corresponding data to the email ([qslogantartida@fuerzas-armadas.mil.ar](mailto:qslogantartida@fuerzas-armadas.mil.ar)), [lu3ia@hotmail.com](mailto:lu3ia@hotmail.com) subsequently downloading in the same way the corresponding QSL of each operator listened to.

### LU-X Various (ARG-23) - Tierra del Fuego Province

Several stations are frequently on the bands from Ushuaia.

Latest Stations spotted in the Web Cluster:

LU1XPR, LU1XPW, LU1XU, LU2XPL, LU6XQB, LU7XZ, LU8XQL, LU8XW.

CE8-Various (CHL-13) - Magallanes and Antartica Chilena Province

Several stations are frequently on the bands.

Latest Stations spotted in the Web Cluster:

CE8EIO, CE8MGZ, CE8PVT, CE8RNK, CE8SIW, CE8TDO, CE8WCI.

L36Z (ARG-04) - Esperanza Base (Army)

Operator is active now with a special callsign (Emisora LRA 36 - Arcángel San Gabriel RAE - Radio Argentina al Exterior)

Manager: LU4DXU

<a href="#">DX de</a>	<a href="#">Frecuencia</a>	<a href="#">DX Anunciado</a>	<a href="#">Comentarios</a>	<a href="#">GMT</a>	<a href="#">Fecha</a>

## WAP QSL Gallery

WAP Antarctic QSL gallery has gone!

It was hosted on a server that have quit its archive system so we have practically lost the whole job! I1HYW have all the cards in his computer, but really he doesn't know how and where load all of them in a safe and cheap site.

Bob, K4MZU suggests us to go through Greg Cogar VK2GJC, the owner of a company in Australia. Greg, said that there are many free plugins we could use for an image library: <https://en-au.wordpress.org/plugins/>.

We would need to install and configure the plugin and learn how to use it to achieve.

This is a job that probably we will carry on in the winter time, but for now we thanks immensely Bob K4MZU and Greg Cogar VK2GJC for their friendship and help.

In the mean time, thanks very much to all those Hams who are sending scan copies of their cards, or scan copies of old cards from their friends.
